

The Oil Turtle ~~##~~1
(that has grown a neck)

Speed: Average

Damage: ~~S~~ Low

Size: M

The Standard Oil Monster,
during the oilification process,
it grew a neck to be able to
survive sticky places. It
can use this neck to
see further than it usually
can, allowing for a
strategic evolutionary advantage.

The Oil Seal

#2

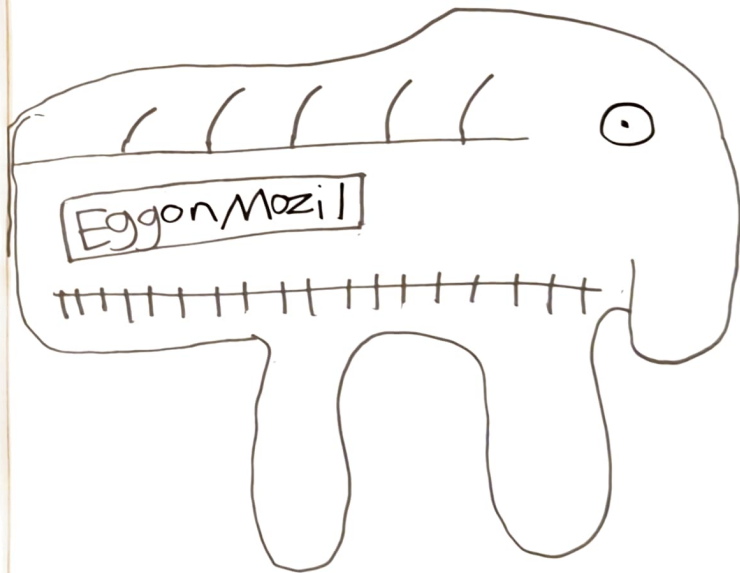

Speed: Fast

Damage: Low

Size: M

The Oil Seal "Envirol" to withstand a high amount of Petroleum in its body.

Like your average gas guzzler this puppy can go at a decent speed quicker than humans. It doesn't do a lot of damage but its still one to look out for.

The Oil Penguin

"Quick duck!"

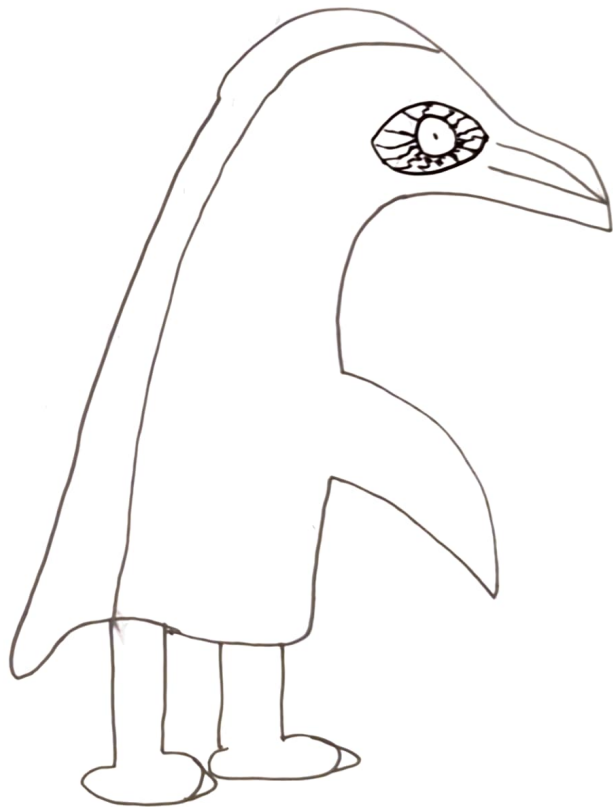

Dange: Average

Speed: Medium

Size: S

This interesting penguin does not want food or a mate, it wants you (or more specifically your solar island). His waddling may look cute but don't forget that this is a war machine.

#3

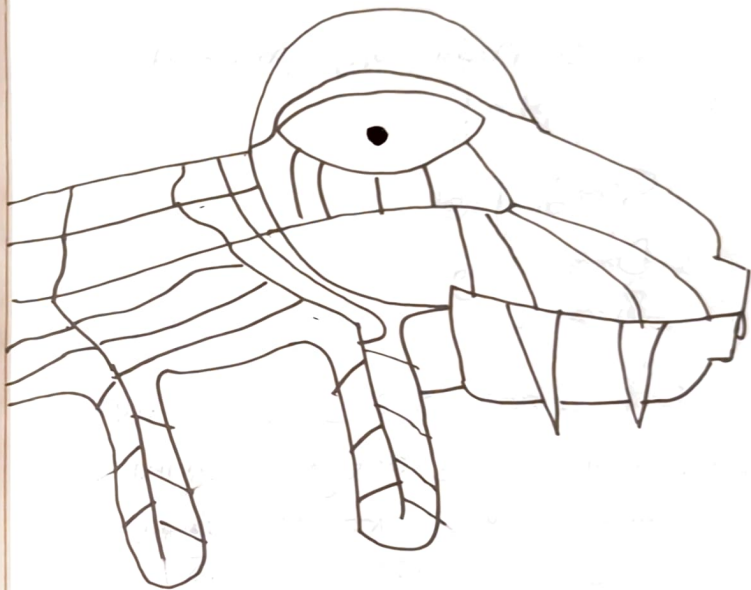

The Oil Mammal
Blood Sucker.

#4

Speed: Fast
Damage: Strong

The Oil Mammal ~~uses~~ its
veiny veins to rush towards its
target, quickly though they get
soor and need to cool off
after a little bit of
running.

The Oil Lizard

5
(Boss)

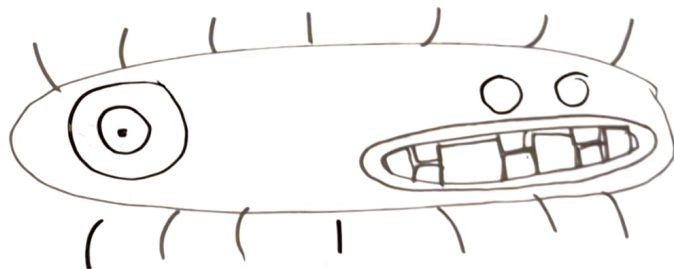

Your worst night mare, Sponsored
by BP p.l.c.!

Speed: Fast

Damage: High

Size: L

The Oil Lizard moves Fast and thinks,
hell bent on its one goal, eating
up your attempt at a sustainable
life. It uses its hair cells
and legs to quickly manoeuvre itself.

The Oil Cat

6

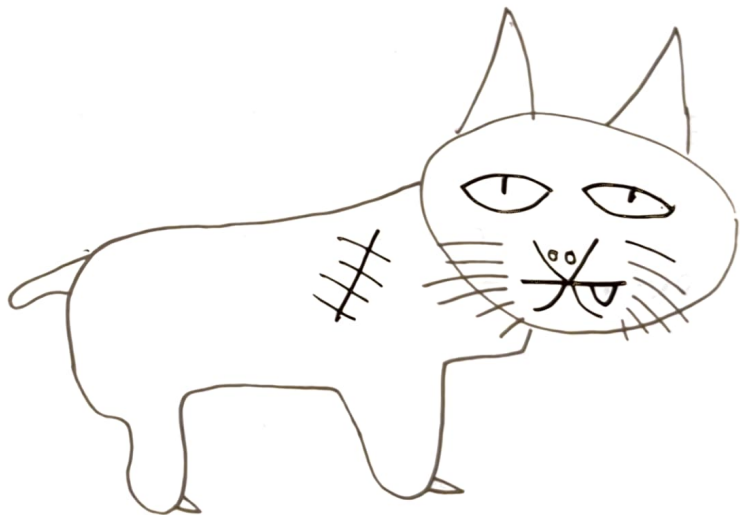

~~Destroyer~~ of birds (and Solar)

Speed: Fast

Damage: Average

Size: S

The Oil Cat is a fast and considerably dangerous predator. When it is unleashed it rushes to its victim as fast as it can, pushing breakneck speed. It consumes its victim without regard for mercy. It likes to leave "Presents" of their kills.

The Oil Cow

7

"You! Try to milk me and see what happens!"

Speed: Slow

Damage: High

Size: XL

"Evolution" Strikes again! This Cow has grown a second pair of udders. These udders unfortunately leak out oil. These animals are slow but allow them near your base and they can do a lot of damage just on their own.

#8

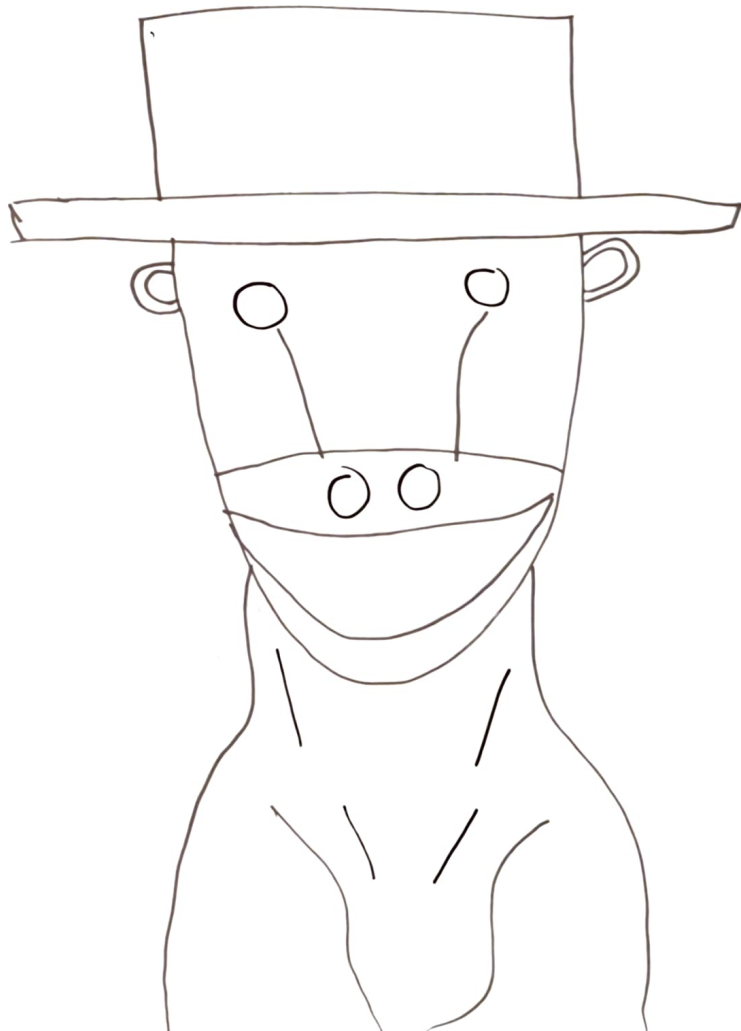

The Oil Wrikkler

Speed: Average

Damage: High

Size: L

It may look like a creepy clown,
but this wrinkly mammal can really deliver -
deliver on destroying renewables and
replacing them with good ol' oil, in
the flick of a hat! The
Oil Wrikkler can shed skin
which can corrupt the land.

The Oil Spider

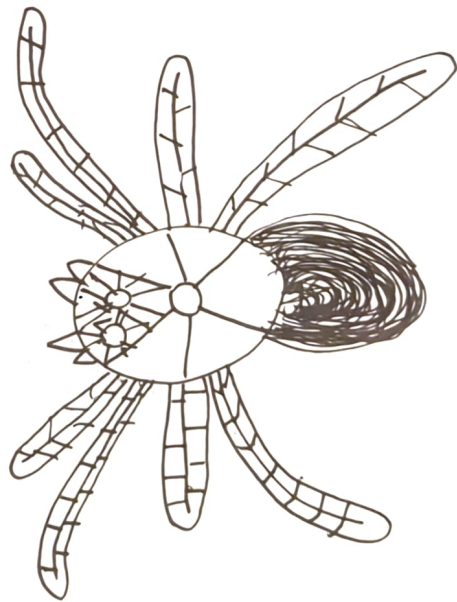

#9

Speed: Fast

Dmg: ~~Avg~~ Average

Size: XS

This mutant spider is a bit of a tricky one to deal with! It moves fast and while individually it only deals average damage, these purple arachnids love to travel in packs, almost certainly multiplying their damage output if you are not careful.

Oil Mammoth

#10
(Boss)

Speed: Slow

Damage: 00

Size: XL

The Oil Mammoth is a well regarded trade secret, but it is believed to have been using decayed bones buried from the earth during the ice age. Very dangerous.
